

Challenge Team UK – Student Evaluation

102 pupils were given the evaluation sheet. The information below was taken from their responses. The comments quoted are a selection randomly chosen from the total.

Please note - not all questions were answered by all pupils

	YES	NO
The team suggested that teenagers should stick to friendships and avoid sexual relationships while they are your age. Do you think the team's view of relationships was correct?	70	29
The team explained that pregnancy can happen to teenagers even while using protective measures. Did you know this before the presentation?	89	12
The team told you about sexually transmitted diseases. Do you think you need to know this information?	93	8
Do you agree that teenagers should not have sexual relationships before marriage?	41	59
Did you benefit from the presentation?	86	13
Do you think this event should be held again next [year]	97	5

Give a reason for your answer :

- ♦ "It's a good way of finding out what you need to know. Third Year is the best time for the presentation to be shown as at this age people start having sex and sometimes you get pressured into it."
- ♦ "because it is good information and I think the presentation should be shown when pupils are in Second Year because sometimes by Third Year it is too late" x3
- ♦ "because it contains useful information" x3
- ♦ "It was good" x3
- ♦ "I think everyone should learn about these things." x2
- ♦ "I think it should be held for Fourth Years" x2
- ♦ "I think they will learn lots of things and they could have fun at the same time."
- ♦ "because I found it helpful and I know my friends did also."
- ♦ "because things like this are important"
- ♦ "It helps people understand the seriousness of being parents"
- ♦ "to raise awareness of sex and STDs"
- ♦ "It was very informative and interesting"
- ♦ "because it helps you"
- ♦ "It is beneficial to the recipients"
- ♦ "so that they know"
- ♦ "because it lets you know what the dangers are and it's fun to talk about"
- ♦ "So they don't have sex and catch AIDS"
- ♦ "so that they know about the disadvantages"
- ♦ "because they need to know the actual facts. People don't want to ask questions when they are told about it because they are embarrassed about it."
- ♦ "It alerts more people and tells them the risks"
- ♦ "It will be good for them (Third Year) because they laugh at sex and think it is all fun – but it's not"
- ♦ "Some people need to get it into their heads because a lot of people don't think."
- ♦ "because the talk about the diseases was important"
